Fair and Personal Analysis: The concept of Fair and personal Analysis describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/or specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs. The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could be reasonably expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search.

In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair and personal analysis of the market, we will consider the following criteria:

- The needs of the customer;
- The size of the customer order;
- The number of providers in the market that deal with brokers;
- The market share of each of those providers;
- The number of relevant products available from each provider;
- The availability of information about the products;
- The quality of the product and the service provided by the provider;
- Cost and
- any other relevant consideration.

Sustainability Factors – Life, Pensions, Investments, Insurance Based Investment Products (IBIPS): In accordance with the Sustainable Finance Disclosure Regulation ('SFDR'), we inform you that when providing advice on insurance-based investment products/Investments, we do not assess, in addition to relevant financial risks, relevant sustainability risks as far as this information is available in relation to the products proposed/advised on. This means that we do not assess environmental, social or governance events/conditions that, if they occur, could have a material negative impact on the value of the investment.

When providing advice on insurance-based investment products ('IBIPs') or investment advice we do not consider the impacts of our advice that result in negative effects on sustainability factors (namely environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters), because currently there is limited relevant products on the market which meet these criteria. The area of sustainable is relatively new and as the issue progresses, we will review our position. The firm will review this approach on an annual basis in January each year.

We have not assessed the likely impacts of sustainability risks on the returns of Investment/Pensions since we have not been able to identify any sustainability risks that are relevant.

We will need to collect sufficient information from you before we can offer any advice on housing loans. This is due to the fact that a key issue in relation to mortgage advice is affordability. Such information should be produced promptly upon our request.

Regular Reviews: It is in your best interests that you review, on a regular basis, the products the firm has arranged for you. As your circumstances change, your needs may change which may result in having insufficient insurance cover and/or inappropriate investments. We would therefore advise that you contact us to ensure that you are provided with up to date advice and products best suited to your needs.

Policy Documentation: Following inception of cover the firm will issue a policy document from the Insurer which sets out in detail the conditions applicable, operation, endorsements, terms and conditions, exceptions and warranties included. We strongly recommend that you read this document carefully and contact us in the event that you require any clarification of the details therein.

Continuity of Cover: In most circumstances cover will not automatically continue past the expiry of insurance period date. You should contact us ahead of the expiry date of your existing policy in relation to continuity of cover. If your policy is paid on direct debit through the Insurer Provider, the direct debit may be automatically rolled over unless you inform us otherwise.

Remuneration: We may earn our remuneration on the basis of a fee, commission and any other type of remuneration, including a non-monetary benefit or on the basis of a combination of these methods. A non-monetary benefit will only be accepted if it enhances the quality of the services to our clients. You may choose to pay in full for our services by means of a fee (refer to 'Schedule of Fees & Charges'). Where we receive recurring commission, this forms part of the remuneration for initial advice and/or for renewal of the policy. We reserve the right to charge additional fees if the number of hours relating to on-going advice/assistance exceeds two hours. A summary of the details of fees charged, commission, other reward or remuneration paid or provided to us which we have agreed with product providers is available in our office or on our website – www.hastings.ie.

In certain circumstances, it may be necessary to charge a fee for services provided. These are listed below for life, pensions & investments, mortgages and non-life business. In other circumstances where fees are chargeable or where you choose to pay in full for our service by fee, we will notify you in writing in advance and agree the scale of fees to be charged if different from fees outlined below. Where it is not possible to provide the exact amount, we will provide you with the method of calculation of the fee. If we receive commission from a product provider, this may be offset against the fee which we may charge you. Where the commission is greater than the fee due, the commission may become the amount payable to the firm unless an arrangement to the contrary is made.

In some cases the firm may be granted authority from an insurance undertaking to conduct tasks on their behalf, for which we will be remunerated. Where we place your business with this insurance undertaking under this authority you will be notified in advance of the placement.

The firm may receive payments from product providers for work transferred to us which we do on their behalf and we may be party to profit-share arrangements with product providers and may earn additional commissions. We may disclose (and will do so on request) these payments to you if they specifically relate to your policies. Any business arranged with these product providers on a client's behalf will be placed with the product provider because that product provider is at the time of placement, suitable to meet the client's requirements, taking the client's relevant information, demands and needs into account.

Premium Finance: It may be possible for the firm to arrange insurance finance on your behalf. We may receive commission payments from a finance provider in respect of such finance agreements. Details of commissions received by us from insurance finance providers are available on request.

Non-Life (Personal & Commercial Lines): The firm may be remunerated by a non-refundable fee for the initial work activity and time spent in seeking the best terms, advice, product and Insurer for your specific needs. An administration fee may be charged for the activity involved in the renewal of the policy and alterations which take place during and/or at termination of a policy. Mortgages: We may receive up to 1% of the loan for arranging mortgage finance. This commission is paid by the mortgage lender. The actual amount of commission will be disclosed at a later stage in the ESIS (European Standardised Information Sheet) which will be forwarded to you. Information on the variation in levels of commission payable by the different creditors providing credit agreements being offered are available on request. We may charge a fee for advising and arranging your mortgage application up to €350 per hour (Mortgage Advisors) and €100 per hour (Administration Support) spent for our services, this fee is non-refundable. separately and not include it in the loan. Typically, this situation arises in relation to specialist lending. Any fee charged at inception of a policy may not be refunded in the event of policy cancellation.

Compensation may be payable where money or investment instruments owed or belonging to clients and held, administered or managed by the firm cannot be returned to those clients for the time being and where there is no reasonably foreseeable opportunity of the firm being able to do so. A right of compensation will arise only: -If the client is an eligible investor as defined in the Act, and; - If it transpires that the firm is not in a position to return client money or investment instruments owned or belonging to the clients of the firm, and; - To the extent that the client's loss is recognised for the purposes of the Act. Where an entitlement to compensation is established, the compensation payable will be the lesser of 90% of the amount of the client's loss, which is recognised for the purposes of the Investor Compensation Act, 1998, or; Compensation of up to €20,000. For further information, contact the Investor Compensation Company Ltd on (01) 224 4955.

If you have any concerns regarding any insurance provider chosen/recommended for your insurance requirements you must notify us as soon as possible and we will discuss any concerns you may have with you. If an insurance provider ceases trading we will do our best to assist our clients, but you should note that in situations of insurance provider insolvency where the insurance provider has confirmed cover, premiums retained by us will be deemed to have been paid to that insolvent insurance provider and therefore it may not be possible for these funds to be returned to clients. Similarly, it may be the case that claims monies retained by us may be returnable to the insolvent insurance provider or their liquidators, rather than our clients. If you have any concerns or queries concerning the regulatory status of an insurance provider please contact The Central Bank of Ireland and/or the appropriate regulatory authority for the insurance provider concerned.

It also includes entitlements by insurers in relation to claims handling, limitations on deferring payment of a claim until completion of works, etc., in case of property contracts and proportionate remedies and claims handling. These include the following and are not exhaustive. Please refer to the Act at <http://www.irishstatutebook.ie/>:

- Any clause in a contract of insurance that refers to a “material change” shall be interpreted as referring to changes that take the risk outside that which was within the reasonable contemplation of the contracting parties when the contract of insurance was concluded.
- An insurer may refuse a claim made by you under a contract of insurance where there is a change in the risk insured, including as described in an “alteration of risk” clause, and the circumstances have so changed that it has effectively changed the risk to one which the insurer has not agreed to cover
- The consumer must cooperate with the insurer in an investigation of insured events including responding to reasonable requests for information in an honest and reasonably careful manner and must notify the insurer of the occurrence of an insured event in a reasonable time.
- The consumer must notify the insurer of a claim within a reasonable time, or otherwise in accordance with the terms of the contract of insurance.
- If the consumer becomes aware after a claim is made of information that would either support or prejudice the claim, they are under a duty to disclose it. (The insurer is under the same duty).
- If the consumer makes a false or misleading claim in any material respect (and knows it to be false or misleading or consciously disregards whether it is) the insurer is entitled to refuse to pay and to terminate the contract.
- Where an insurer becomes aware that a consumer has made a fraudulent claim, they may notify the consumer advising that they are voiding the contract of insurance, and it will be treated as being terminated from the date of the submission of the fraudulent claim. The insurer may refuse all liability in respect of any claim made after the date of the fraudulent act, and the insurer is under no obligation to return any of the premiums paid under the contract.
- If, in respect of the insurance contract, the insurer is not obliged to pay the full claims settlement amount until any repair, replacement or reinstatement work is completed and specified documents for the work have been furnished to the insurer, the claim settlement deferment amount cannot exceed:
 - 5% of the settlement amount where the claim settlement amount is less than €40,000 or
 - 10% of the settlement amount where the claim settlement amount is more than €40,000

(A “consumer” has the meaning given to it by paragraph (a) of the definition of that expression (as it is defined in relation to a financial service) in section 2(1) of the Financial Services and Pensions Ombudsman Act 2017 but, for the purposes of this Act, that paragraph (a) shall apply as if references in it to “financial service” and “financial service provider” were construed, respectively, as references to “consumer insurance contract” and “insurer” within the meaning of this Act).

Where a consumer fails to comply with the Consumer Insurance Contracts Act 2019, a court of competent jurisdiction may order that the sum otherwise recoverable in a claim under a contract of insurance shall be reduced in proportion to the breach involved

Complaints: Whilst the firm is happy to receive verbal complaints, it would be preferable that any complaints are made in writing. We will acknowledge your complaint within 5 business days and we will fully investigate it. We will investigate the complaint as swiftly as possible, and, the complainant will receive an update on the complaint at intervals of not greater than 20 business days starting from the date on which the complaint is made. In the event that you are not entirely satisfied with the firms handling of and response to your complaint, you are entitled to refer the matter to the Financial Services and Pensions Ombudsman (FSPO). Under the Consumer Insurance Contracts Act 2019, a consumer may cancel a contract of insurance, by giving notice in writing to the insurer, within 14 working days after the date the consumer was informed that the contract is concluded. The insurer cannot impose any costs on the consumer other than the cost of the premium for the period of cover. This does not affect the notice periods provided under other relevant legislation (e.g. The European Union (Insurance and Reinsurance) Regulations 2018 (SI No. 485 of 2015) or the European Communities (Distance Marketing of Consumer Financial Services) Regulations 2004 (SI No. 853 of 2004) which is 30 days in respect of life policies, irrespective of whether the sale took place on a non-face to face basis, and 14 days in respect of general policies and only on sales that took place on a non-face to face basis (distance sales). The right of giving notice of cancellation by you will have the effect of releasing you from any further obligation arising from the contract of insurance. The insurer cannot impose any costs on you other than the cost of the premium for the period of cover. The right to cancel does not apply where, in respect of life insurance, the contract is for a duration of six months or less, or in respect of general insurance, the duration of the contract is less than one month. You are under a duty to pay your premium within a reasonable time, or otherwise in accordance with the terms of the contract of insurance. A court of competent authority can reduce the pay-out to you where you are in breach of your duties under the Act, in proportion to the breach involved. You, the customer can apply to cancel your policy outside the cooling off period at any time by giving notice to the firm in writing. Policy cancellation is subject to the terms and conditions of your policy. Please note that any fee charged at inception of a policy will not be refunded in the event of cancellation.

- You are required to answer all questions posed by us or the insurer honestly and with reasonable care – the test will be that of the "average consumer". If a policy is cancelled by an insurer for any reason including payment default you may encounter difficulty in purchasing insurance in the future.
